Creating Cloze Exercises Easily and Effectively

Kenji KITAO

Doshisha University

Kenichi KAMIYA

Osaka Institute of Technology

② Overview

Cloze Generator makes cloze exercises from passages you provide, which can be used for a test or an exercise.

It's FREE!

③

Cloze Generator makes blanks

- for every n-th words automatically
- on manually-chosen specific words
- considering vocabulary difficulty levels
- considering parts of speech

④

Cloze Generator

- makes blanks in the passage
- provides word choice
 - (deleted words in random order)
- provides the correct answer
 - (deleted words in original order)

⑤

Cloze Generator produces

- text files

→ printed materials

- html files compatible with *anaume.js*

→ web-based E-learning materials

Basic CLOZE (automatic n-th / manual)

Paste the text into the box below and set configuration.

Cloze Generator makes cloze exercises from English passages you provide, which can then be used for a test or an exercise. And remember, it's FREE! You can make blanks for every n-th word automatically, or make blanks of specific words manually. You can also specify the vocabulary difficulty levels for blanks based on JACET 8000 or make blanks of specified parts of speech using online tree tagger. Cloze Generator makes blanks in the passage, provides word choice, or the list of deleted words in random order, and provides the correct answers on the bottom of the page in the order of the blanks. You can also export an html file compatible with an web-based e-learning exercises program script provided by the presenters.
